THREE ADDITIONAL DIRECTORS

Meeting of Directors of Greensboro Loan & Trust Company.

The directors of the Greensboro Loan & Trust Company met today. President Fry tells the Telegrom that owing to some delay in getting stationery for the new concern the commencement of business will be delayed a little longer than has been intended.

Three additional directors were chosen at the meeting today. They are Messrs. J. A. Hadley, of Mt Airy, Ceasar Cone, city, and S. Bryant, of Randleman

The directors also ordered the first assessment of stockholders to be paid in by the 25th inst , and business will begin October 1st. The business office of the company will be in the L. Richardson Drug Co. building, or rather the Doggett building, in which is located the L. Richardson Drug Co. They will have a pretty and convenient office, but we predict it will not be large enough for them long. We expect to see the Greensboro Loan & Trust Co. putting up a handsome building of its own before very long.

FISHER VS WATER CO

The Complaint Being Drawn Today by Col John N. Staples.

The suit of Captain B. J. Fisher against the Greensboro Water Co has been the subject of considerable comment since it was announced soon after the Benbow fire that Captain Fisher would bring suit. Today Col. John N Staples, counsel for Captain Fisher, is drawing the complaint in the case which will probably be filed some time tomorrow.

The complaint will be a lengthy and exhaustive one and will probably cover all the contracts between the city and the water company from the time of the first establishment of the water works down to the present time. Col Staples did not say in so many words that this would be the case, but those who know of his ability as a lawyer will look for the ground to be entirely covered.

Some Building Notes

Mr. J. N Longest has closed the contract with Howard Gardner, the druggist, for the erection of a handsome ten-room residence on Summit avenue. Mr. Gardner has used excellent judgment in purchasing a lot. His new home will be built just west of Mr. Stewart's house, which is the first on Summit avenue after crossing the railroad. Mr. Longest expects to begin work on it this week. He also has the contract for the new residence to be erected by Mrs. Cartland, and work on that will also most likely begin this week.

The new Grissom building is progressing nicely and will soon be completed. It will be one of the prettiest in the state.

Dr. Whitsett is making some repairs and improvements in his dental office over Ward's drug store.

The ante-room in K. of P. building is being changed and remodelled so as to provide separate quarters for the goat belonging to the Jr O. U. A. M., which meets there every Thursday night.

Minstrel Orchestra.

The undersigned gentlemen who have agreed to take part in the band minstrel will meet Mr. J. W. Tillinghast at John B. Wright's music store tonight promptly at 8 o'clock. Some very important business will be brought up and every one is urged to be there on time.

J. W. Tillinghast, F. O. Lawson C M. Elam, Frank Blount, Ed Cartland, Walter Ridenhour, Nay Forbis, Joe Reece, J. M. Rosenblatt, S. L. Alderman, A. H. Alderman, Jesse Alderman, Mr. Wooters, Henry Marley.

You will not be detained long, but it is very important that every one be on hand. C. B. Bogart.

Going to the University.

Mr. Ben S. Barnes, who for nearly two years has been connected with th Telegram, first as collector and then as reporter, has severed his connection with the paper and will tomorrow leave for Chapel Hill to enter the University. He is a most worthy young man, and has done the Telegram valuable service, and our regret atgiving him up is offset by the fact that he leaves us to better prepare himself for the duties of life. He expects to continue the newspaper business when his college days are over. We wish him much success.

A large attendance of relatives and friends paid a last tribute of love to the deceased by being present at the funeral.

The simple and beautiful burial service of the Methodist church was read and a short talk and fervent prayer offered by the pastor, after which the remains were interred in Greene Hill cemetery. The mound of earth was covered by loving hands with beautiful floral offerings. The great heart of a sympathetic community goes out to the bereft husband, and the two little boys, who by this dispensation are deprived the priceless care and training of a mother's heart and hand.

THE HOTEL COMPANY.

To Meet in this City Thursday Night to Effect Organization.

The plans for the hotel have not yet been drawn, but it is assured the building will be one of which we may feel proud.

Meantime the ragged ruins of the Benbow still stand and around it the scenes of life, elegance and beauty once beheld there linger only in memory. But we hope that, phoenix-like, out of the ruins and the ashes will rise a handsomer, grander building. We wish the new company speedy and complete success.

DAYS OF RECONSTRUCTION

The Stormy Times in Texas Told of by Gen. Roberts.

THE SITUATION IN VIRGINIA

Governor Tyler Will Have to Let His Senatorial Aspirations Wait Awhile.

Special to the TELEGRAM.

Washington, Sept. 11—General A S. Roberts, of Fort Worth, Texas, is in the city for a few days, stopping at the Owen House. He was seen at the hotel the other day. General Roberts is among the most popular citizens of Texas, and has passed through a number of exciting experiences, but he says he never expects to have as severe a strain upon his nerves as during the stormy days of reconstruction when two hostile governors were each claiming to be the duly elected executive at Austin. Richard Coke, formerly United States Senator from Texas was the democratic candidate, and E. J. Davis was the nominee of the Republicans. The town of Austin was in a turmoil, for it looked as though scenes of carnage were at hand and that war had come again.

General Roberts was in command of the state troops of Texas, and Mr. Davis and other republican leaders wanted him to use the soldiers in backing him up, but Gen Roberts did not just like the idea of taking sides against his own friends and fellow-Texans, so refused to do their bidding. His men stood loyally by him, and the result was that after several days of anxious suspense, including a siege of the state capitol, Davis gave way, and Coke, who was one of the grandest men the state has produced, was recognized as the legal executive. Coke gave the state one of the best administrations it has ever enjoyed, and under his administration the state was started upon its road of prosperity. The education of the negro was begun in earnest, and he was rapidly fitted for the duties of citizenship which had been thrust upon him.

General Roberts is a grand old man, and has many friends in Washington who are glad to see him once more. He is full of reminiscences, and is an enjoyable talker.

Congressmen Jones and Epes, of Virginia, were in Washington the other day. Mr. Jones is an adherent of Governor Tyler, while Representative Epes is a strong Martin man. The latter says that Martin's election is assured beyond question. He says that Gov. Tyler's claims are absurd to every man who has the least knowledge of the situation in Virginia, and he thinks it strange the Governor should have ever deluded himself into the idea that he has the least chance of succeeding Martin. Mr. Epes says that Governor Tyler is an estimable gentleman, but that he will have to let his senatorial aspirations wait awhile. Congressman Jones on the other hand says the Martin men are making claims which will not be substantiated when the Legislature meets. He says Martin's strength is much over-estimated, and he is of the opinion Tyler will defeat him. Mr. Jones intended to speak at Heathville, Virginia, Monday night, but was obliged sto go to New York city on important business. He says he will continue the campaign against the re-election of Senator Martin in earnest.

Hon. T. C. Pilcher, a member of the Virginia legislature, was in Washington Sunday, having arrived Saturday night. Mr. Pilcher is one of the best informed politicians in the state, and he is a strong Martin man. He is naturally much pleased just now as he was on Saturday unanimously renominated by the democrats for the house of delegates as the representative of Fauquier county. He has already served two terms in the legislature, and his friends say he will be re-elected by an increased majority.

Governor Tyler, of Virginia, will visit Washington with his staff on the occasion of the Dewey reception, and will take a prominent part in the programme arranged for that occasion.

It is also very likely that if his official duties do not interfere, Governor Russel, of North Carolina, will come to Washington on that occasion. Governors McSweeny, of South Carolina, McMillen, of Tennessee, and Sayers, of Texas, will also probably come with their staffs.

Senator Butler, of North Carolina, has been named as a member of the senate committee to take part in the reception to Admiral Dewey. Other prominent senators have been named on the committee and later a similar committee will be named composed of house members, but they have not as yet been selected.

A meeting of the Virginia democratic association was held in this city Friday night, but no business of importance was transacted, excepting to pass upon applications for membership, a number of which have been pending for some time, and also the election of officers for the ensuing year.

Evangelist W. P. Fife, of North Carolina, is in the city, and will be here for several days. He is stopping at the Metropolitan hotel.

Hon. Carter Glass, democratic nominee for the legislature from the Lynchburg district, is in Washington, accompanied by Peter Anslie, and Mr. Yates.

Rees & Bond.

Mr. John T. Rees has withdrawn from the firm of Rankin, Chisholm, Stroud & Rees Mr. Rees has formed a partnership with Mr. Harper Bond. These two gentlemen are sign and scenic artists. They are now painting the drop curtain and scenery used on the stage at the Academy of Music. On Thursday afternoon ladies will be admitted to see the work progressing on the canvas sixteen high by twenty-two feet wide. This work is being done by Messrs. Rees and Bond.

Mr. Ward On the Weather.

A party of gentlemen were standing in front of Ward's drug store this morning talking, when one of them asked Mr. Ward what he thought of the weather. He looked at the clouds, which at that time totally obscured the sun and soberly replied that it was his deliberate opinion that we were going to have a continuation of weather. We are not prepared, in view of the heights the mercury has reached this summer, to dispute it.

The Musical Throng.

Miss Minnie Gorrell, of this city, will leave for New York soon to resume her vocal studies under Signor Mozar.

Miss Annie Marie Pugh has been elected assistant to Miss Brockmann in the music department of the Normal & Industrial College. This is quite an honor to Miss Pugh, as the position requires thorough musical ability.

Drowned at Wrightsville.

William Harvie Wade, a well known mechanical engineer, was drowned while in surf bathing on Wrightsville Beach early Saturday morning.

Mr. Wade was about 33 years of age, a native of Richmond, but spent the past three years in Europe He arrived at Wilmington Friday and had just secured a controlling interest in the Wilmington gas works, intending to locate there.

A Nuisance.

Editor Telegram:

Cannot an ordinance be passed by the board of aldermen, preventing the loafing on the stone wall around the postoffice, and flooding the sidewalk with tobacco juice? If so, such action would be greatly appreciated by many who respectfully object to the present condition of affairs. It seems that this matter is under municipal and not national control. Citizen.

PHILIPPINE TALK.

The news comes once more from Washington that the Americans are going to gather upon the Philippine shores in such overwhelming, irresistible force as to speedily crush the insurgents into submission. Our troops in and around Manila already number 40,000, yet Uncle Sam is preparing to send over 25,000 more men as soon as convenient. Yet, is stated by the Washington authorities that the new campaign is to begin at once, with great aggressiveness, without waiting for the assistance of the additional legions.

Uncle Sam, under the tutelage of McKinley and the latter's sycophants, is really becoming to be a gentleman of questionable veracity. We have been told scores of times that this war was to be speedily ended. With a steadily-growing army of splended fighters we were sure of an effectual and early cessation of hostilities, yet after lo these many months, when our force numbers now 40,000 finely-disciplined, well fed and clothed regulars, the end seems further distant than when not more than one-third of our present force confronted the Filipinos.

The short stretch of railroad running from Manila to Dagupan has given the Americans no end of trouble in transporting across the country from the coast munitions of war and provisions for the rebels. General Otis has made sundry and ineffectual attempts to control this railway, yet it still remains virtually in the hands of the Filipinos. The Philadelphia Record in a sensible editorial discussing this railroad question, lays down a fair and practically conclusive test of the strength and vitality of Federal power in the island. The Record says:

"If Otis, with nearly 40,000 of the best soldiers in the world, cannot seize and hold the entire line of railway between Manila and Dagupan bay, it may well be doubted whether with further re-enforcements of 25,000 men he and those under him could make any decided progress in conquering the entire island. It is not promise, but actual performance, that counts in the great game of war. The country has been told, week in and week out, that only the prevalence of auspicious weather was needed to bring about the speedy overthrow of Aguinaldo and his minions. Now is the time for a conclusive demonstration of the superiority of the Federal troops under the military governor's command. The insurgents have menaced the line of railway above San Fernando, and in the lack of Federal guardianship have torn up several miles of the track. If the present strong force at Otis's disposal be unequal to the task of rendering secure this paltry line of railway communication, how much more is to be expected from the re-enforcements to be sent to the Phillipines during the coming fall and winter season? What guarantee of final success can be given where leadership is so feeble and inefficient at the vital centre?"

While the Americans labor under the disadvantages of terribly wet weather, impassable roads, and various other perplexities, it is notorious that those 40,000 troops are the finest, bravest men that ever shouldered rifles, and the fact they have made such poor progress in capturing the island of Luzon argues shameful incompetence somewhere.

Without one scintilla of evidence having been produced that would convict a man in America, or any other civilized country where justice reigns, the court-martial at Rennes found Dreyfus guilty. And the French nation laughs and shrieks in its fanatical joy. The same moment that brought the soul-crushing verdict to Dreyfus brought a verdict of far deeper shame and disgrace to France. The Christian world turns away from her, sick at heart, and the world of enlightened humanity casts upon her the deepest measure of its contempt. If the curse of God light not upon this nation, which, to shield the malignant foulness of its army has inflicted punishment upon a man compared with which death would be the sweetest expedient, then the well-known adage that "history repeats itself" is a myth.

The Kearsarge, in her recent trial trip, showed wonderful ability for quick maneuvers. It took the old girl only two minutes and a quarter to turn half around! That seems rather slow on first thought, but when the fact is considered that there is $2,250,000 worth of steel and iron, etc., on one of these prodigious fighting machines, their unwieldiness cannot be wondered at. We think it takes a ship of the Indiana type about twice as long to turn tail as its more modern sister. Three cheers for the Kearsarge!

Mr. J. P. Caldwell has sailed for Europe. We hope he will be spared the usual alternating agony of fearing death and wishing for it.

A reception was held in Memorial Hall here last night in honor of the new students. The presidents of the Y. M. C. A. and the Y. W. C. T. U. welcomed the new students and were followed by President Hobbs, who delievered a very able address to the new students, and also welcomed the old ones back. The representatives of the four college classes then spoke in behalf of their classes. At intervals in the programme music was furnished by the Glee Club, there being two college glees and one duet. After the exercises were over a general introduction took place and the new students came into the pleasant and peaceful atmosphere which pervades, as it seems, this dear old campus and these college walls, which have for so many years bade the new students welcome.

There was quite a large crowd from Greensboro, Winston, High Point and other places.

With each new student comes a brighter hope for a good football team. There are many men here who are experienced, and who with the aid of our coach, Mr. Herbert C. Petty, I think we will stand second to no college team in the State.

Remarkable Rescue

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well: now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and $1.00.

My object and wish
Is to please all in town.

A Mother's Duty is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

has stood at the apex of all shampoo washes, while the "HAIR GROWER" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

Big Show

That Will Visit

GREENSBORO THIS YEAR

"After all, Old Things Are Best." The Old Reliable

OLD JOHN ROBINSON SHOW

Which you have known, respected and enjoyed through three generations, will visit you on

Wednesday, September 13th.

THAT WILL BE A GALA DAY!

For over three quarters of a century the people of beloved North Carolina and the south have claimed the old John Robinson Show as their favorite. Your grandfathers and grandmothers have sounded its praises, and many of the grown up sons and daughters of famed North Carolina early learned to lisp the name of Old John Robinson with their baby lips and ever since have proved, like true North Carolinians, their loyalty to the show of their youth and no other amuseme t organization ever will or ever has held the place in the hearts of the whole people like the old reliable John Robinson Show and now after a long absence during which time it has assumed ten times the proportions in merit, size and magnificence, it comes to

Greensboro One Day, Wednesday, September 13th.

John Robinson's Ten Big Shows

In connection with the Grand Biblical Spectacle, Solomon, his Temple and the Queen of Sheba. Without a parallel, acknowledged by a universal public the only Exhibition of Great Show, the peerless Exhibition of America. Three big circuses, two big menageries, three big menageries, one prodigious aquarium, one complete aviary, one grand Biblical spectacle, ten truly great shows, one gigantic museum. For seventy five years through three generations this mighty and powerful amusement has exhibited in every state in our vast union and the name of John Robinson is alone a guarantee that the performance under the vast canvas so far excels all others in merit, originality, magnificence, variety and quality.

THE MENAGERIE

Surpasses in magnitude and completeness the largest known zoological collection in the world. One of the special features of the big triple menagerie is the largest snake alive—25 feet long.

Two Great Special and Exclusive Features Secured at Immense Expenditure.

A school of Sea Lions, the only one on exhibition in America. Also a herd of Philippine Water Buffaloes, direct from Luzon Island, Manila.

THE CIRCUS FEATURES

This season, obtained from Europe and America, will amaze and startle the world. Nothing like them ever before presented in this country. The most novel bareback riding acts ever witnessed. From nine to twelve of the world's greatest champion Lady and Gentleman Equestrians riding in four rings at one time. This feature is new and original with thig show.

MORE FOR THE MONEY

Than any other three circuses furnish their patrons. Larger, costlier, and more distinctly original tableaux, cages and dens than owned by any big show in the world. Most costly costumes, more scenery used in the one great feature of Solomon and the Queen of Sheba than in the entire combined features of any other exhibited in the country. Over $100,000 expended in this production alone. 100 of the most beautiful dancing girls in America.

THE GRAND STREET PARADE AND ROBINSON'S HORSE FAIR

An innovation in itself. A truly magnificent pageant. A feature of the free street parade. The grand spectacle of forty of the smallest ponies ever harnessed and driven at one time. Don't fail to see them.

TWO PERFORMANCES DAILY.

Old John Lowlow the Clown,

Will Appear at Each Performance.

When winter comes the vital forces of nature are low, and the tree stands like

a solitary monument to the dead summer. In the winter of life, active men experience a similar lowering of vitality. In some the effect is startling. They loose their grip on life. They seem like monuments of a buried past. At this crisis there is need of a medicine which will nourish and build up the body, and increase its vital power. Such a medicine is Dr. Pierce's Golden Medical Discovery. It enriches the blood, purifies it, carries off the clogging waste of the system, increases the nutrition of the body, and produces a sound, healthy condition with abundant vital power and physical energy.

David Duggins, Esq., of Jones Ohio Co., Ky., writes: "When I began taking Dr. Pierce's Golden Medical Discovery I think I had nervous or general debility of three years' duration. I took three bottles of the 'Discovery.' During the time I was taking it my sleep became more refreshing and I gained fifteen pounds weight, and also gained strength every day. It has been six months since I took the medicine and I still have reasonable health. I am willing to have you publish this, and also my former letter, if you wish to, and if it proves to be of benefit to any afflicted person I will feel well repaid."

There is no alcohol or other intoxicant in "Golden Medical Discovery," neither opium or other narcotic drugs.

The dealer who offers a substitute for the "Discovery" is seeking to profit himself, not to help you. Insist on having "Golden Medical Discovery."

Dr. Pierce's Common Sense Medical Adviser is sent free, on receipt of stamps to cover cost of mailing only. Send 21 one-cent stamps for edition in paper cover, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

MRS. CARRINGTON DEAD.

She Was Well Known in Greensboro. Sister of Mr. J B. Stroud.

Earthly love ties which bind husband, wife, brother, sister, friend, are strong and give us a claim on each other which gold nor any earthly wealth can purchase; but above, over and beyond it all there is a claim registered which no earthly tie can offset. Enforcing this claim rends our hearts and saddens our earthly lives, but looking with an eye of faith through the atoning merit of a crucified Savior, the rich inheritance beyond can be seen and this should lift the load of sorrow.

We were led to these reflections by the news of the death of Mrs. Lily Stroud Carrington, which occurred at her home in Sanford yesterday morning. Mrs Carrington was well known in this city, where she had often visited. She was a sister of Mr. June B. Stroud, of the firm of Rankin, Chisholm, Stroud & Rees. Mr. Stroud and his brother, Moody, went to Sanford Saturday in answer to a message announcing the serious illness of Mrs Carrington. She had been sick only a few days and her friends were totally unprepared for the shock the news of her sudden death gave.

In the absence of definite information we presume the remains will be interred in the Buffalo cemetery, near Sanford, where the mortal casket of her mother awaits the resurrection morn.

A lovely and lovable woman has been transported from a happy home on earth to enjoy the richness and fullness of the eternal home. May the sad hearts of the husband, brothers, sisters and other friends be comforted by this thought.

Copper Colored Splotches.

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with

the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.
H. L. MYERS, 100 Mulberry St., Newark, N. J.

Don't destroy all possible chance of a cure by taking the doctor's treatment of mercury and potash. These minerals cause the hair to fall out, and will wreck the entire system.

S.S.S. For The Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no potash, mercury, or other mineral.

Books on the disease and its treatment mailed free by Swift Specific Company, Atlanta, Georgia.

SOLOMON, HIS TEMPLE AND THE QUEEN OF SHEBA.

Presented by John Robinson's Great World's Exposition.

The era of Solomon, the wise king, has ever been fraught with an interest that will last through all ages There was so much that was grand, so much that was sumptuous, so much that was prophetic, so much that was sacred, so much that was divine, a tending and consequent to his reign, that history furnishes no parallel. Art has now been called into requisition as adventitious aid to biblical lore, and the glamour and glories of the past are reproduced in the present. The eminent artist, Mr John Rettig, has devoted a year or more to personal research in Palestine, Jerusalem and the Holy Land, and has studiously mastered the history and traditions of the Bible, and returning, has produced a grand spectacular masterpiece, depicting the great temple, the walls and city of Jerusalem, the visit of the Queen of Sheba, the judgment of Solomon, and other notable scenes, incidents and events during the regal administration of the great Hebrew sage, patriarch and king. In connection with the biggest and best circus on the road, the largest and best menagerie, and the vast, royal Roman hippodrome the management of John Robinson's Great World's Exposition now present this transcendently beautiful and impressive spectacle for the gratification of their patrons.

The consolidated exhibitions will be given at Greensboro, September 13th.

John Brewster struck John Collins, a sailor, on the jaw with his fist, at Brooklyn, N. Y., Saturday killing him instantly.

A Word to Mothers.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by C. E. Holton, druggest.

Tim Keefe was killed at Kansas City, Mo., Saturday, by George P. Chrehoe, near whose house he raised a disturbance.

A Wonderful Cure of Diarrhoea.

A prominent Virginia editor had almost given up, but was brought back to perfect health by Chamberlain's Colic, Cholera and Diarrhoea remedy Read his editorial. From the Times, Hillstille, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore, Sold by C. E. Holton.

The case against Henry Delegal, charged with assault, whose arrest caused a race war at Darien, Ga., has resulted in a mistrial.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows; "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

Mr. W. C. Bain came up from Pinehurst Saturday to spend a day or two with his family. He expects to have everything in full blast in a short time, however.

Solicitor Brooks returned yesterday from Durham, where he attended court last week. There was a full docket and much business was transacted. SEVERE STORM AT REIDSVILLE.

Houses Unroofed—Buggies Smashed. Damage to Telephone and Lights.

Saturday afternoon the vicinity of Reidsville was the scene of a terrific tornado or wind storm. About 4-30 it began to blow, accompanied with rain and hail.

The livery stable of Crafton & Brown was demolished and every vehicle in it smashed except one. One horse was crippled. The tobacco factory of Watt, Penn & Co. was unroofed and lots of tobacco damaged. The Bank of Reidsville was partially unroofed, as was also the A. H. Motley & Co. factory, and other buildings, fences and trees were blown down. On two of the principal streets every telephone and electric light pole was leveled with the ground. The work of repairing the damage was in progress all day yesterday. So far as we have heard there was nobody injured in the storm, beyond the loss of property.

General Wheeler

Taking in the situation around Manila. Now let Uncle Sam relieve Otis and give the old Buttermilk Ranger a half chance and you'll very soon hear the insurgents calling for the calf rope. The name Buttermilk Ranger was given to our cavalry during the 60s. An army to be victorious must have confidence in their leader. Take the record of General Jackson. Why, the soldiers under him knew no such thing as defeat, and to just say that Jackson's in the rear was enough to throw consternation in the camp of the enemy. Confidence is just as important in the commercial world, and the mere mention of the name

HARRY-BELK BROS. CO.

creates a panic in the mercantile arena. We cannot understand how we can always get in the rear of their prices, but this is easily explained. For we have a leader that knows every hog path that leads to the manufacturing plants of this country and keeps posted. In this way you see we only buy from first hands, thereby saving the middleman's profit. Our buyer spends weeks in the market. Take the army of stores—Charlotte, Greensboro, Monroe, and Union, S. C., and you will at once see that it requires tons upon tons of goods to supply them. Buying so largely we take the entire output of a number of factories. In this way we get the inside prices. Our buyer will soon

.....LAND.....

in the manufacturing centres of this union and, like Wheeler in the Philippines, you will hear something drop shortly in old Guilford that will astonish the natives. Before this takes place, and in order to make room, we have made JOB COUNTERS in all departments to clean up many valuable lines at half price. Price is no object. The room is what we want and must have. Be quick.
